Designed by women, for women

Fisher is a Belgian company specialised in the field of food supplements.

At Fisher, quality is at the core of product development, which is why production is carried out in GMP pharma certified laboratories. Each ingredient is carefully selected to be as pure and natural as possible. No compromise is made on quality!

To guarantee optimal assimilation, Fisher selects the most bioavailable and patented forms of ingredients. Each formula is thus refined until the perfect dosage is obtained to be adapted to each phase of a woman's life. The ultimate goal is to ensure superior vitality and well-being to each woman.

Fisher's philosophy is to unite a team of women around a common project: women's lives.

Developed by women, the She+ by Fisher brand is designed for women.

Whether they are active, sportive, pregnant, mothers or menopausal, no woman is left out! The experience of each woman reinforces the expertise and experience of the team to create quality products that meet the needs in the different stages of a woman's life.

Ingredients of the highest quality

Natural vitamins

Vitamins A, D3, E and K2 are fat-soluble and can be stored by the body. For this reason, they are deliberately and rigorously selected in natural forms.

Metafolin^{®*}

The patented Metafolin^{®*} is an innovative form of bioactive vitamin B9, also known as natural folic acid, which is very well absorbed and used by the body.

Naticol[®]

Naticol[®] is composed of natural fish collagen peptides, easily assimilated by the body. It helps to replenish collagen reserves to slow down the visible signs of skin ageing.

SOD[®] de melon biologique

Melon-derived SOD[®] is an enzyme extracted from organic, non-GMO melons that helps to limit the visible signs of ageing, such as the appearance of wrinkles.

Pycnogenol®

Pycnogenol® is a 100% natural ingredient of plant origin. This patented extract of maritime pine bark reduces the visible signs of ageing and helps preserve the skin's elasticity.

Fish omega-3

Our omega-3 from fish oil is of unequaled purity thanks to the removal of impurities from marine pollution. The choice of the natural form of triglycerides guarantees better stability.

Algal omega-3

Our omega-3 from microalgae oil is 100% vegetable and of great purity. A patented process combining vegetable antioxidants stabilises the oil and prevents its oxidation.

Natural marine calcium & magnésium

Lithothamnion is a red seaweed from the Icelandic Sea that is very rich in minerals. Our calcium and magnesium are derived from this marine source for an optimised quality.

Formulas

1 active

She+ active, to help women regain vitality and energy

To live your life to the fullest by giving 150% to all your activities, a lot of energy is needed. Fisher provides the energy that may be lacking.

With 25 essential nutrients including high quality omega-3 from fish oil, She+ active provides the energy and vitality needed to succeed in any project.

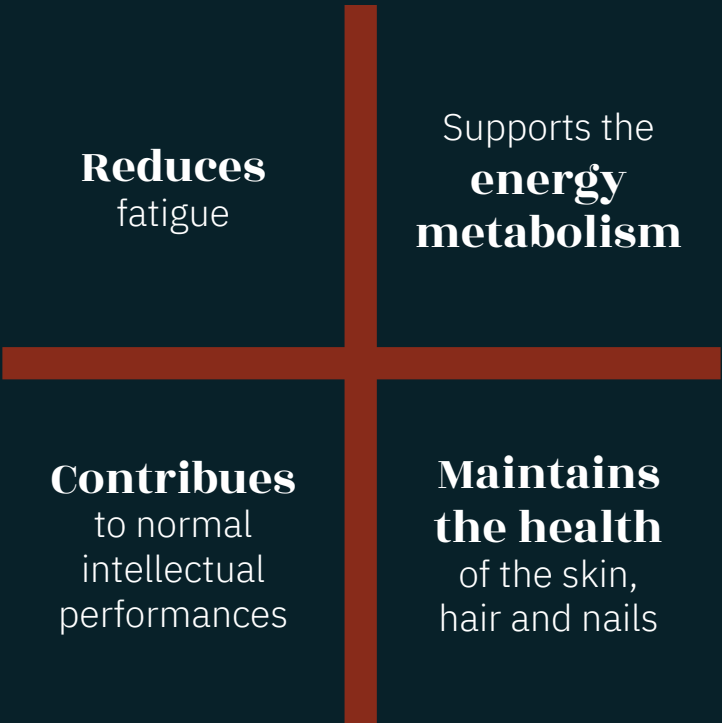

INGREDIENTS · NUTRIENT COMPLEX TABLETS

Natural marine magnesium hydroxide; microcrystalline cellulose, hydroxypropyl (methyl)cellulose (bulking agents); vitamin C (L-ascorbic acid); ferrous bisglycinate; di and tricalcium phosphate, magnesium carbonate, magnesium salts of fatty acids, stearic acid (anti-caking agents); taurin; natural vitamin E (D-alpha-tocopheryl acetate); zinc bisglycinate; para-aminobenzoic acid; natural vitamin A (beta-carotene); vitamin B3 (nicotinamide); citrus bioflavonoids; natural vitamin K2 (menaquinone); L-selenomethionine; manganese gluconate; vitamin B5 (calcium D-pantothenate); natural vegan vitamin D3 (cholecalciferol); copper bisglycinate; vitamin B6 (pyridoxal 5'-phosphate); vitamin B2 (sodium riboflavin 5'-phosphate); vitamin B1 (thiamin hydrochloride); vitamin B9 (calcium-L-methylfolate); chromium picolinate; vitamin B8 (D-biotin); vitamin B12 (methylcobalamin).

6 mature & fit

She+ mature & fit, to help reduce fatigue, weight gain or other common menopausal ailments

As women enter their forties, they slowly approach the menopause. This is an important stage when the body undergoes hormonal changes that can disturb the overall balance. During this period, the body has specific needs. This is why our supplement provides 35 nutrients, including fish oil rich in omega-3.

calcium

She+ calcium, to maintain strong bones

How can we help women strengthen their bones? FISHER has the answer with She+ Calcium, a vegan product derived from natural sources. The product contains calcium and magnesium extracted from red algae harvested from the Icelandic Sea. Calcium contributes to normal bone structure. Magnesium plays a role in muscle function. Vitamins D3 and K2 work in synergy with calcium to maintain healthy bones.

INGREDIENTS

Lithothamnion calcareum (natural marine calcium); natural magnesium hydroxide (marine); hydroxypropyl cellulose, hydroxypropyl methylcellulose, microcrystalline cellulose (bulking agents); di and tricalcium phosphate, magnesium carbonate, magnesium salts of fatty acids, stearic acid (anti-caking agents); natural vitamin K2 (menaquinone); natural vegan vitamin D3 (cholecalciferol).

NUTRITION TABLE

Organic inulin	1 g	-
Hyaluronic acid	50 mg	-
Vitamin C	80 mg	100%
Natural vitamine E	12 mg	100%
Zinc	7,5 mg	75%

A close-up portrait of a woman with long, dark, wavy hair. She is holding a dried, golden-brown plant stem (possibly a fern frond) in front of her face, partially obscuring her eyes and nose. She is looking directly at the camera with a slight smile. She has red lipstick and is wearing small, gold hoop earrings. Her left hand is visible, holding the stem, with dark nail polish. The background is a solid, warm brown color.
